

Gaskets and Gasket sets suitable for BMW M20

The BMW M20 is a smooth-running inline six-cylinder spark-ignition engine that was produced from 1977 to 1993 and offered in variants such as the M20B20, M20B23, and M20B25. With a displacement of up to 2.7 liters, a maximum bore of 84 mm, and a stroke of up to 81 mm, it delivers up to 125 kW (171 hp) and 240 Nm in its most powerful configuration. The engine features high-quality components, including a single overhead camshaft (SOHC), two valves per cylinder, a grey cast-iron engine block, and an aluminum cylinder head. Combining high reliability with technical precision, the M20 represents an effective balance of performance and durability.
