

Cylinder-Head Gasket for Cummins ISX 12

Elring - 5 good reasons:

1. Excellent quality: Elring uses high-quality materials and state-of-the-art manufacturing techniques to produce cylinder-head gaskets that fulfil the high demands of the Cummins ISX12 engine.
2. Precision fit: Elring cylinder-head gasket 439.561 is specially developed for the Cummins ISX12 engine and fits perfectly into the engine housing. This ensures optimum sealing and minimises the risk of leaks.
3. Reliability: Elring cylinder-head gaskets are technologically customised and have been developed for the specific requirements of the Cummins ISX12. As a key component, the cylinder-head gasket contributes to efficient, safe and economical engine operation.
4. Durability: The Elring cylinder-head gasket is robust and long-lasting. It is able to withstand the high loads and vibrations of the Cummins ISX12 engine and maintain its sealing function over a long period of time.
5. Expertise: For more than 140 years, Elring has stood for expertise in sealing technology. This is the basis for our innovative strength, unique materials expertise and comprehensive manufacturing know-how. Elring cylinder-head gaskets fulfil all the requirements of the Cummins ISX12 engine.
